SERVICES FOR MISSIONS

NPI Action Plan Diagnostics and Development

A multi-day meeting facilitated virtually by the Partnerships Incubator team to develop your NPI Action Plan by:

- Examining your Mission's past and current partnership activities
- Assessing future opportunities and risks
- Identifying current and future Mission programs applicable to NPI
- Matching Mission goals and resources to partnership opportunities
- Evaluating Mission contributions to NPI indicators

Partner Landscape Analysis

In-depth market research to identify new and underutilized local and locally established organizations working in Mission priority areas and help Missions explore, connect, and leverage networks to support partnership goals.

Partner Self-Assessment

A comprehensive online assessment for potential partners to gauge their readiness to work with USAID and inform discussions with Missions of a prospective partner's capacity gaps and strengths. Questions align to the CBLD-9 indicator.

Success Story Documentation

Direct support in identifying, researching, and writing NPI and NPI-related success stories.

NPI Customized Solutions

Customized solutions for your NPI action planning needs: one-on-one consultations, webinar sessions, industry research, and more.

TOOLS FOR MISSIONS

NPI Do-It-Yourself Toolkit

A do-it-yourself toolkit to manage and orchestrate your own planning meeting:

- Detailed retreat agenda
- Diagnostics package – battery of exploratory questions
- NPI Action Plan workbook and template
- Sample NPI Action Plan

NPI Action Plan Do-It-Yourself Discussion Guide

A robust do-it-yourself suite of exploratory questions that can be used to guide Mission discussions that support the development of your NPI Action Plan and goals, explore potential partnership activities, map partnership metrics, and identify opportunities and barriers to partnerships.
